

The ENGADINE/St.Moritz holiday region lies in the southern side of the Swiss Alps, at an altitude of 1,800 metres, on the “Roof of Europe”. Thanks to the unique harmony of its lake landscape, ENGA-DINE /St. Moritz is known throughout the world as the “Ballroom of the Alps”. The valley enjoys an average of 322 sunny days a year (a Swiss record!), with mineral springs and a most agreeable climate. The Piz Bernina is the only four-thousand-metre peak in the Eastern Alps (height 4,049 metres).

In summer, St. Moritz offers an attractive mixture of nature, culture, sport, activity and tranquillity to complement its wonderful setting above and around the lake. And in winter, alpine skiing, snowboarding and cross-country skiing beckon, plus numerous other attractions that you will find nowhere else in the world: for example, the Bobrun, the Cresta Run, the Muottas Muragl toboggan run, horse and greyhound racing on the frozen lake, World Cup ski racing and more.

St. Moritz

Youth Hostel:
Bargain accommodation in the most
exclusive Alpine destination

The Swiss
Youth Hostels. The most exclu-
sive hotel chain worldwide.

St. Moritz Youth Hostel The youth hostel lies on the edge of the forest and is a splendid base from which to engage in sporting activities of every imaginable kind. The lake, sports centre and indoor swimming pool are close at hand, enabling sports enthusiasts among the guests to reach their training areas in just a few minutes. Comfortable rooms with two to four beds ensure a refreshing night's sleep.

A terrific hostel in an exclusive location: You can also sense the St. Moritz "Top of the World" feeling in the youth hostel. Nothing is left to be desired: day rooms and games rooms, a ski and waxing room, table tennis and table football, while in summer the grassed play area is perfect for lively ball games. An informal and down-to-earth youth hostel!

Hungry? The kitchen crew is well-used to catering to the needs of its international guests and conjures up a tasty 4-course evening meal each day, revitalising them for new voyages of discovery or sports activities.
